It is a well-known fact that the people of this country are not only the most intelligent but also the most patriotic. They are the people who have made this country what it is today, and they are the people who will make it what it will be in the future. They are the people who have built this country up from a small colony to a great nation, and they are the people who will continue to build it up and make it a better place for all of us to live in.

The people of this country are the people who have made this country what it is today, and they are the people who will make it what it will be in the future. They are the people who have built this country up from a small colony to a great nation, and they are the people who will continue to build it up and make it a better place for all of us to live in. They are the people who have made this country what it is today, and they are the people who will make it what it will be in the future. They are the people who have built this country up from a small colony to a great nation, and they are the people who will continue to build it up and make it a better place for all of us to live in.

They are the people who have built this country up from a small colony to a great nation, and they are the people who will continue to build it up and make it a better place for all of us to live in.

вительную пользою. Вотъ въ чемъ оно состоить: надобно состричь со спины козла горсть шерсти, обить бѣлокъ свѣжаго яйца, и замѣсить имъ шерсть, такъ, чтобы сдѣлалось изъ этого родъ густаго тѣста, по-шорое, на плашкѣ густо-намазанное, привязывается къ горлу; чрезъ полчаса, много чрезъ часъ, болѣзнь вы-лѣчивается. Для поддержанія дѣй-ствія сего лекарства можно, изъ предосторожности, по снятіи его, носить на шеѣ нѣсколько дней про-пускную бумагу по вышесказанному. Первый убѣдительный примѣръ без-спорной пользы этого средства я видѣлъ въ Крыму. Знакомая мнѣ да-ма, родившаяся на Кавказѣ, напилась холодной ключевой воды въ сильныя лѣтніе жары; отъ этого сдѣлалось у нея такое сильное воспаленіе въ горлѣ, что она не могла уже ни глотать, ни говорить, и всѣ обык-новенныя средства ни мало не облегчали. Къ счастью, она вспом-

нила описанное средство горцевъ. Мужъ ея тотчасъ принялся за бли-жайшаго козла, приложилъ означен-ное тѣсто къ горлу, и чрезъ пол-часа она уже могла говорить, а чрезъ часъ глотать; послѣ чего не оста-лось никакихъ худыхъ послѣдствій. Съ тѣхъ поръ я пользовалъ этимъ средствомъ себя и многихъ другихъ. Можеть спастись, что шерсть, состриженная съ козы, и не имен-но со спины, столь полезна, какъ шерсть, состриженная со спины козла; но находи всегда безъ затрудненія послѣднюю, я не пахотилъ надобности измѣнить данное пра-вило.

Оба описанныя средства столь просты, дешевы и невинны, что каждому сподручно ихъ употребить безъ всякаго опасенія; если бы опи-даже въ рѣдкомъ случаѣ не приноси-ли ожидаемой пользы, то ни въ ка-комъ случаѣ немогутъ вредить.

Баронъ А. Боде.

(№ 51 Ростром. Губ. Вѣдом.)
